

Fence kit in HO scale

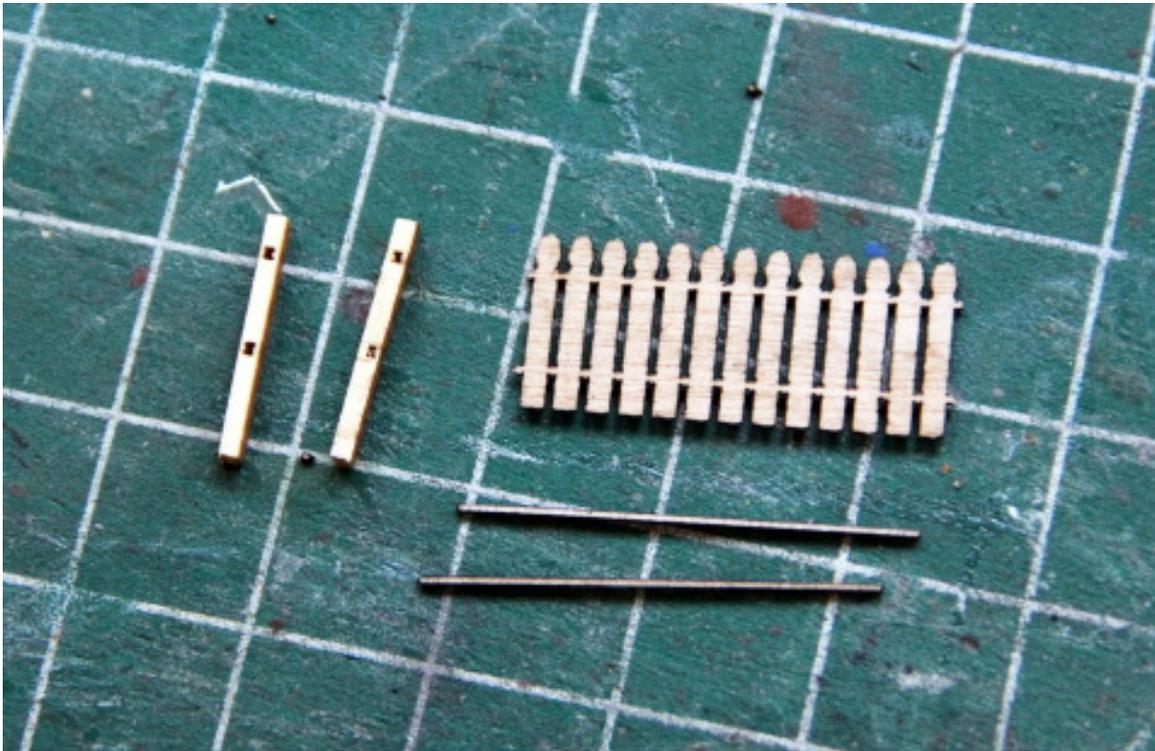

Assembly instructions for Icebox & Vending machine kit

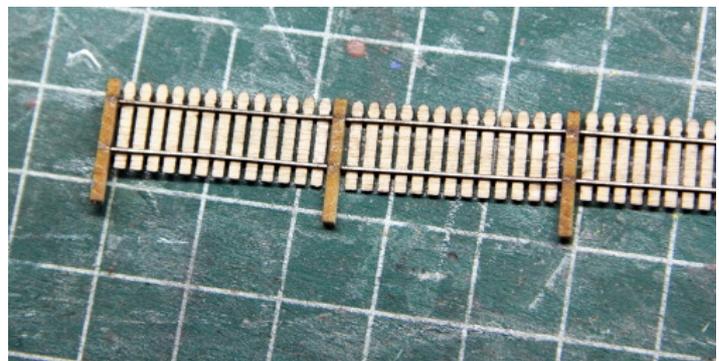

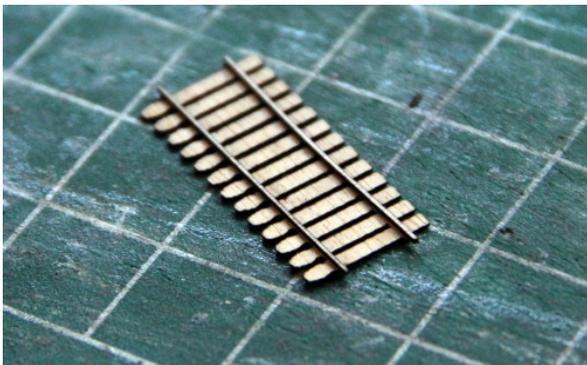

Thank you for buying this fence kit. Please take some time to read these instructions before you begin assembling.

This kit is laser cut in micro-plywood and is best glued together using CA glue or a wood glue.

Take your time to identify all parts and lay them out as on the pictures to get an overview of how the kit goes together. Clean all parts for any burrs before you start gluing them together.

Posts, fence boards and runners, 10 sets of each

Peel off the backing paper and mount the self-adhesive runners to the (back) of the fence boards, the overhang should be the same in both ends.
Glue the runner ends into the holes on the posts.
