Custom Cuts by Summit, manufacturer of modern HO structures and accessories

Custom Cuts by Summit is your supplier of modern HO scale structures and accessories for your model railroad. Our goal is to supply modelers with modern building kits like motels, restaurants, fast food places, strip malls, gas stations etc.

All kits are milled in white or black styrene plastic, laser cut white acrylic and clear acrylic window glazing and include various roofing materials such as self-adhesive shingles or Plastruct or Vollmer Clay Tiles, self-adhesive decals and detailed assembly instructions with pictures. All parts fit together but may need light sanding at joints for cosmetic reasons. Parking lot bases are not included except where noted. All models need painting, so some model building and painting skills are required.

Restaurants

#TB-001 1990's Taco Bell Restaurant \$ 79.95

Size: 8 1/4" x 5 1/2" (210 x 140 mm)

Fast food restaurant found in most town and cities all over the US. Plastruct Clay Tile roofing. Parking lot base not included.
